Anniversary of
Independence of Ukraine

**October 12-13, 2021,
Kyiv**

“Modern Oncology: from Basic Research to New Therapeutic Approaches”

scientific conference of young scientists

National Academy of Sciences of Ukraine
RE Kavetsky Institute of Experimental Pathology, Oncology and Radiobiology

FIRST ANNOUNCEMENT

Dear colleagues!

With great pleasure we would like to invite you to participate in the scientific conference of young scientists **"Modern Oncology: from Basic Research to New Therapeutic Approaches"** that will be held on **October 12-13, 2021**, at RE Kavetsky Institute of Experimental Pathology, Oncology and Radiobiology, Kyiv.

The main scientific topics:

1. Current challenges in fundamental and clinical oncology
2. Molecular mechanisms of oncogenesis
3. Genome and epigenome of tumor cells
4. Metabolic disorders and cancer
5. Modern techniques in the diagnosis of malignant tumors
6. Tumor markers in precision medicine
7. Cancer therapy: current status and future prospects

Students, postgraduates and young scientists are invited to participate in the meeting. The Conference Program will cover different aspects of fundamental and clinical research of cancer, including implementation of new approaches to the diagnostics, therapy and rehabilitation of cancer patients.

Conference will be held both offline and online (in case of a worsening epidemic situation, the meeting will be fully transferred to online). Participants are asked to indicate the desired format of the event in the registration form.

To participate in the conference you need to register using the link:
https://iepor.org.ua/registration-form.html

Form of participation:

- ✓ oral presentation and abstract publication;
- ✓ poster presentation and abstract publication;
- ✓ abstract publication;
- ✓ listener.

Abstracts should be sent via the registration form or by e-mail: ieporconference@gmail.com

The last day for registration and abstract submission is August 20, 2021.

Registration Fee: students – EUR 5; PhD students and young scientists – EUR 7. Details for payment will be sent to participants after the confirmation of acceptance of the abstract. Participation for listeners is free.

The Scientific Committee reserves the right to competitive selection of abstracts. According to the results of the selection, a notification about the inclusion of the abstract in the conference program will be sent to the corresponding author. Selected abstracts will be published in the journal "Oncology" (https://www.oncology.kiev.ua). The authors of the best reports in each section will be awarded diplomas.

Requirements for abstracts:

Language: English, Ukrainian;

Text: up to 350 words (3000 characters with spaces);

Format: MS Word (.doc/.docx/.rtf);

Structure: title of the abstract; initials and last names of authors (the name of the speaker should be underlined); author affiliations; e-mail of the speaker; text of the abstract. It is desirable that the following sections be marked: Introduction, Aim, Materials and Methods, Results, Conclusions.

Conference venue:

RE Kavetsky Institute of Experimental Pathology, Oncology and Radiobiology,
45 Vasylkivska str., Kyiv 03022, Ukraine

Detailed information: https://iepor.org.ua/youth-oncology-2021.html

We will be glad to see you among the conference participants!

With best regards,
Organizing Committee
